-  luhith.himsara04@gmail.com
-  +94 71 0785527

SUMMARY

I am a motivated and detail-oriented IT undergraduate passionate about Software Quality Assurance and Full-Stack Development. I am skilled in testing methodologies, automation frameworks, and agile development practices. Dedicated to building reliable, user-focused, and maintainable software solutions. Eager to contribute analytical and technical skills to a dynamic software development or QA team through an internship opportunity.

EDUCATION

BSc (Hons) in Information Technology

Sri Lanka Institute of Information Technology (SLIIT)

Expected Graduation: Oct 2027

G.C.E. Advanced Level

Defence Services Collage, Colombo

July 2020- March 2023

TECHNICAL SKILLS

Languages: Java, Kotlin, JavaScript

Testing & QA: Selenium, TestNG, JUnit, Rest Assured

Tools & Platforms: Eclipse, Android Studio, Postman, Jira, TestRail, DBeaver

CI/CD & Version Control: Maven, GitLab

Web & Database: MongoDB, Express.js, React.js, Node.js (MERN), MySQL, PHP

PROJECT EXPERIENCE

Ceylon Colony – E-Commerce Web Application (Aug 2025 – Oct 2025)

- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, JavaScript, Tailwind CSS
- Developed a full-stack e-commerce platform using the MERN stack, enabling real-time product listings, order management, and user interaction.
- Implemented real-time data synchronization to enhance UX and reduce latency.

Fitra – Android Gym & Fitness App (Aug 2025 – Sep 2025)

- **Tech Stack:** Kotlin, XML, Android Studio
- Designed and developed an offline-first fitness tracking app to monitor workouts, progress, and goals.
- Built a responsive and intuitive interface providing real-time feedback.

Travel Mania – Online Tour Guide Web Application (May 2025 – July 2025)

- **Tech Stack:** HTML, CSS, MySQL, Java
- Developed a dynamic web application for tour booking and management with user and admin authentication.
- Streamlined customer interaction through an integrated contact and inquiry handling system.

Motor Castle Parking Solutions (Aug 2024 – Oct 2024)

- **Tech Stack:** PHP, MySQL, HTML, CSS, JavaScript
- Created a parking management system with CRUD functionalities for slot reservations, monitoring, and admin management.
- Improved operational efficiency with a user-friendly dashboard for administrators and customers.

CERTIFICATIONS

- IBM Blockchain Platform as a Service – Alison / IBM (2025)
- Front-End Web Development – University of Moratuwa (2023)
- Python for Beginners – University of Moratuwa (2023)
- Certificate Course in English – University of Colombo (2023)

PROFESSIONAL SKILLS

Fast Learner		Teamwork		Effective Communication
Problem Solving		Time Management		Attention to Detail
